

# HELLO, I'm Valentina!

As a young child, my grandfather would take me on his tractor to show me how to work in the beautiful hills of the Roero, in the vineyards he owned and loved. This was my early start in a life of wine.

Later I graduated in languages and started to travel the world with an insatiable appetite to see and discover.

I am a Sommelier AIS and WSET2 and I speak English, German, French and Spanish (in addition my Italian mother tongue).

In 2019 I decided to represent some small and family owned wineries from Italy, to help them exporting all over the world.

# WHAT WE OFFER

- **WIDE RANGE OF PRODUCTS AND SUSTAINABLE WINERIES**

Wineries coming from different regions allows you to enjoy a wide range of products. All the wineries are working BIO or in a sustainable way, even if some of them are not certified

- **MIXED PALLET AMONG MORE WINERIES – EVEN FROM DIFFERENT REGIONS**

We compose the pallet directly at the winery which has more quantity (This may require a fee of around 50€ /80€ - depending on the quantity - to ship among different regions). Max 3 wineries on the same pallet.

- **PRIVATE LABEL**

We offer the opportunity to create a unique private label with the chosen wine.

## OTHER THINGS YOU CAN ASK...

In addition to my wineries, you can ask me for these kind of wines:

- **CHEAP WINES / WINE IN CANS**
- **FINE IMPORTANT WINES**
- **OLD/SPECIAL VINTAGES**
- **MAGNUM OR OTHER SIZE OF BOTTLES**
- **GRAPPA AND SPIRITS**

# AZIENDA VITIVINICOLA MO

The grape's cultivation of the family MO boasts of origins that date back to more than one century ago and it continues for different generations. To strengthen the familiar tradition, Davide, Paolo and Laura continue to work hard in the vineyards, sharing devotion, love and passion for this job.

# CANTINA PEYRANI

The average production per hectare is approximately 3-4 tonnes, which is extremely low considering that the disciplinary regulations for Barbera d'Asti allow up to 9 tonnes per hectare of production. This figure, together with an average age of the vineyards of 60 years allow them to respect their production philosophy.
